

## Social Determinants of Health in ECL

This tip sheet describes the workflow to be used when accessing social determinants of health in EpicCare Link.

### Accessing Social Determinants of Health

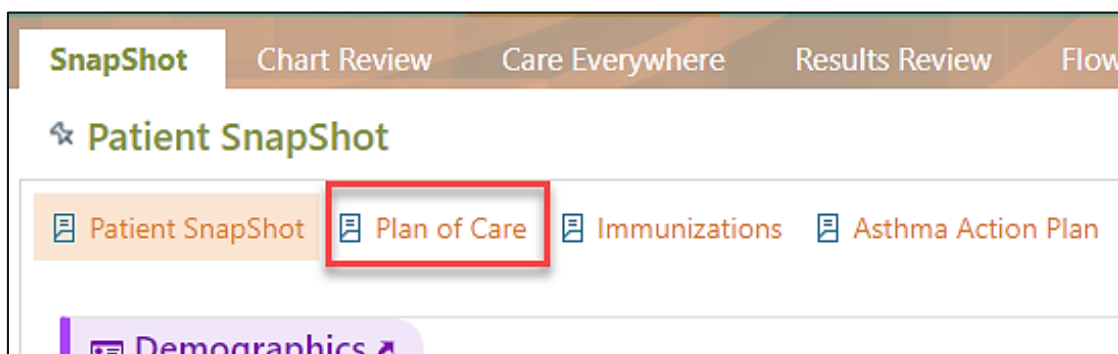

1. On the EpicCare Link home screen, click on the **Select Patient** button.

2. Select the desired patient.

My Patients		Recent	
Ambulatory, Abstractor H			
Patient Name	MRN	Patient Status	Sex
Ambulatory, Abstractor H	206301	Alive	F
Ambulatory, Abstractor K	206304	Alive	M
Ambulatory, Abstractor L	206305	Alive	F
Ambulatory, Abstractor N	206307	Alive	F
Ambulatory, Abstractor Z	206319	Alive	F
Ambulatory, Anthony	202429	Alive	M
Ambulatory, Chad	206815	Alive	M

3. On the SnapShot screen that appears, select **Plan of Care**.

4. You are now taken to the Plan of Care screen where you will see the **Social Determinants of Health** navigator.

The screenshot displays the 'Patient Snapshot' interface. At the top, there are navigation tabs: 'Patient Snapshot', 'Plan of Care', 'Immunizations', and 'Asthma Action Plan'. The 'Plan of Care' tab is active. On the left side, there are two sections: 'Allergies' with the text 'No Known Allergies' and 'Problems' with a table of medical conditions. The 'Social Determinants of Health' section is highlighted with a purple border and contains a circular infographic with a central heart and hand icon, surrounded by various lifestyle and social icons like a house, car, and people.

## Updating Social Determinants of Health

1. Click on the **Social Determinants of Health** navigator.

This screenshot is identical to the previous one, but the 'Social Determinants of Health' section is highlighted with a red rectangular box, indicating the step of clicking on the navigator.

2. You will be redirected to the Social History activity where you can make changes to the patient's substance and sexuality, socioeconomic, lifestyle, relationships, and social documentation. This is depicted in the screenshot on the following page.
