

## EpicCare Link: Social Determinants of Health

### Accessing Social Determinants of Health

1. Click **Select Patient** from the homescreen.

2. Search and select the desired patient.
3. On the SnapShot screen that appears, select **Plan of Care**.

4. You are now taken to the Plan of Care screen where you will see the **Social Determinants of Health** navigator. Hover over the various sections to see specific documentation for that category.
